BOROUGH ORDINANCES.

Squire Paul R. Nutt had a case in which he fined a man for transgression of a borough ordinance relating to the removal of garbage. The defense of the accused was that he was not charging anything for the removal of certain peoples' garbage; that it was being given to pigs, etc. The prosecution, the present contractor for the removal of garbage, asserted that this garbage removal interfered with his business.

In the borough of Charleroi, as in other municipalities of like proportions, there is, doubtless at times, laxness in the proper observance of borough ordinances, and also there is a lack of knowledge of just what the borough ordinances are. It might be well for citizens to familiarize themselves with the ordinances and their provisions, for by so doing they may, in the future, obviate chances for trouble.

The Charleroi Board of Health, through its health officer, William M. Larby, is assiduous in its efforts to see, particularly, that those ordinances which relate to the public health and proper sanitation conditions are obeyed.

WAY TO GAIN WEIGHT.

The most hopeful man in Charleroi has been found. To gain weight, he put photograph developing powder in his bath water.

When the cashier stays away too long, it is conceded that he is short.

A Fable—Once there was a little nake who got all rattled.

HUSBAND'S APOLOGY.
Sometimes, dear, I'm abrupt with you—
Confession; not a boast!
But the nicest things I say to you
Are those I mean the most.

WANTED—A remedy as good for our own colds as the remedies you recommend for the colds of your friends.

The trouble with the general situation today is that so many more people want to "die a Christian" than to live a Christian.

A man orders more quickly than a woman—not because his wits are sharper, but because he is afraid of the waiter.

Of course men are not vain, but I tell a man over 50 that he doesn't look a day over 30, and watch the effect.

THE SCEPTIC.
My girl said she loved me,
She told me all about it;
But since she married someone else
I've been inclined to doubt it.

Second Flapper says: "What kind of a car have you?"

First Young Lady: "Why, it's an ash."

Second Young Lady: "You mean Nash, don't you, dear?"

First Young Lady: "No, indeed. I mean an ASH."

Second Young Lady: "I never heard of that kind of a car."

First Young Lady: "Why, it's a hand-made Cole."

Third Young Lady: "I never heard of that kind of a car."

Fourth Young Lady: "I never heard of that kind of a car."

"CANNED" MUSIC
MOVIES BLAMED

Philadelphia, March 11—(United Press)—"Canned" music, radio and motion pictures have caused city dwellers to lose the high ideals of a Christian people, according to Bishop Thomas J. Garland of the Protestant Episcopal church. Garland made this statement in his first public address since he succeeded Bishop Rhineland.

"There has been a tremendous change in church and city life in the last 40 years," Bishop Garland said. "This has been due partly to the increase of foreigners in the country, whom the church has not tried to make Americans and the church has not tried to make Christians."

"We have advanced scientifically, but we have lost the high ideals of our ancestors. Home training is almost a thing of the past and our future hangs in the balance if it is not restored. There are many foreigners in the country and with the increasing problem of immigration the church is too much concerned with administering to those already in the fold and neglecting these immigrants. If we do not teach them our highest ideals we will soon be reduced to their standard of living."

"Forty years ago we did not have the outside influences that we have today. Now we have the best operas during the Lenten season and at Easter the public flocks to Atlantic City for the styles. The movies, which are declared in many circles to have a bad influence on children, canned music, radio and other modern things all take the minds of the people away from Lent and their religious duties."

Bishop Garland urged that missionary work among foreigners in the United States be given every consideration.

TALES TOLD OF
GUN RUNNING

Washington, March 11—(United Press)—Tales of gun-running and recruiting for an embryonic revolution in lower California in 1921 were told the Daugherty investigating committee by men of the southwest today.

Senators Brookhart and Wheeler, who will conduct the probe into the attorney general's administration of the department of justice talked with witnesses from California and Texas and outlined the case they hoped to have ready for presentation at an open hearing tomorrow or Thursday. Men in the homespun, the black slouch hats and flowing ties that bespoke the southwest were among the early callers at the office of Senator Wheeler, where the investigating committee was putting the finishing touches on alignment of its case against Daugherty.

As he started to drive away the officer noticed the license on the car and hailed him and told him he had a report on that car. "SHADOWS OF PARIS"
IS POLA NEGRI'S BEST

Pola Negri in a sympathetic role in a picture with a happy ending. So we find the screen's foremost emotional actress in the Herbert Brenon Paramount production of "Shadows of Paris," which opened at the Coyle Theatre last night. Adolphe Menjou, Charles de Roche and Huntly Gordon are featured in principal roles.

Miss Negri, as Claire, is an Apache in love with Fernand, who goes to war and is reported killed. Raoul, a statesman, meets Claire and falls in love with her. She conceals her Apache traits, posing as a Polish war widow. She marries Raoul but frequently returns to her Apache haunts and helps her friends to secure further booty from her rich friends in the upper classes. On one of these visits, she is amazed to see Fernand—alive. Her former passion for him is renewed and she tells him where she lives.

In the meantime, Raoul plans a police raid on the underworld in the hope that he may capture the leaders of the Apaches, who are responsible for a series of crimes. While Claire is in one Apache den the police, headed by her husband, arrive. She escapes and that night Fernand comes to her house. At the sight of her jewels his thievish instinct overcomes his love for the girl. He endeavors to steal them and she undergoes a change of heart and realizes that she does not love her husband. Fernand is shot and in the subsequent alarm Claire and Raoul are finally united as they never were before.

Each succeeding Negri picture goes its predecessor one better, but "Shadows of Paris" goes "The Spanish Dancer" two better—in other words, it's far superior to anything the continental star has ever previously attempted.

Woman Finds Remedy

"I wouldn't take a million dollars for the good Mayr's Wonderful Remedy has done for me. I have finished the course and can say I am entirely cured of very severe indigestion, bloating and colic attacks I suffered from for many years." Try Lydia E. Pinkham's Vegetable Compound First. Proved Good Advice

Chicago, Illinois.—"Just a few lines to let you know what Lydia E. Pinkham's Compound did for me. I was married going on for three years, and went to a doctor and was taking treatments twice a week for pains every month. I used to lie in bed three or four days with them and the doctor would call and inject something into my arm to put me asleep so I would not feel the pains. At last she said I would have

children. Well, I just happened to go to see a friend with her first baby and I told her I was going to the hospital, and she said, 'Don't do it! You go and get a bottle of Lydia E. Pinkham's Vegetable Compound and you won't need any operation.' So my husband got me a bottle right away. Now I have two lovely children. Believe me, I recommend the Vegetable Compound to any woman I know has any kind of female trouble. It has helped me and a lot of my friends."

Charleroi Druggists Get Agency
For Wonderful New Remedy

Amazing Relief Secured by Hundreds in Other Sections
Causes Local Druggists to Secure
Sales Rights

Not an Experiment But a Proven
Success—Money Back If You
Are Not Satisfied

Sickness knows no territory; poor health no home. A poor stomach is just as painful and just as annoying in Atlanta, Ga., or Worcester, Mass.

What will help a weak stomach in one section will prove equally beneficial in another, and it was that fact that caused the druggists of Charleroi to secure the sales rights for Sulac, a remedy that has behind it a history of marvelous success in other places.

That their judgment was good has already been proven, even though it

first announcement was made that Sulac had been brought here. It is the opinion of those who have investigated the merits of this remedy that it will be as popular here within thirty days as it is in the places where it has been on sale for a long time.

Sulac, if you don't already know what it is, revives the digestion, stirs up the appetite and tones up the whole system in a remarkable manner. It has a long record of success in relieving chronic cases that have withstood treatment for years. The statement that Elser Roy, 16 Puritan Avenue, Worcester, makes in the column to the right is typical of the results it has obtained.

Drop into your nearest drug store and ask about Sulac. Find out all about it—it will stand the closest investigation. The manufacturers stand squarely behind Sulac, and authorize every druggist selling it to refund the purchase price to anyone who gives it a fair trial and is not satisfied with the results.

You get no benefit from food that sours and ferments in the stomach. Such a condition upsets your whole system. Sulac relieves this condition. Local 455, St. Jean the Baptist Society for one of the East's prominent cash, register men. Read what he has to say in the second column to the right.

If you are run down, have headache, constipation, heartburn, stomach aches, catarrh, gastritis, acute indigestion or are losing weight, try Sulac. See what a change it will make in you.

TAKES SULAC—NOW
O. K.—BACK TO WORK

"This new medicine they are introducing is worth its weight in gold for folks with stomach complaints," declared Elser Roy, 16 Puritan Avenue, Worcester, Mass. "I'm a carpenter by trade—do lots of climbing on scaffolds, but my stomach got so bad—my nerves were so shaky and my whole health was poor I had to quit work. I was scared blue to do any climbing. I felt lousy now and then but didn't dare call it on account of the awful cramps, gas and indigestion attacks. My tongue was coated all the time. I know my breath was bad, but though I tried a lot of remedies nothing did me any good and I was going down hill fast. Finally I started taking this wonderful stuff called Sulac and three bottles gave me a new lease on life. It's a real honest to goodness medicine and I feel one hundred per cent fine. I feel better than I have in four years and am weighing about 190 pounds, working every day and enjoying big meals, work and recreation like I wish. Thanks to Sulac I'm a new man and I consider it worth its weight in gold for stomach complaints," continued Mr. Roy, member of the local 455, St. Jean the Baptist Society and other organizations, in Worcester, Mass. "Read what other users say above and on the right. Anybody can get the same results. Sulac is the very best, powerful remedy money can buy. See directions on each bottle. Relief guaranteed on full treatment or money back."

"Yes, indeed, that new remedy they are selling down at Green's is the best thing I ever saw," declared Daniel J. Lucy, one of Worcester's best-known cash register men. "I'm tickled to death my friends recommended Sulac, because my stomach was in terrible condition, causing me great discomfort after a meal. I'd gag, bloat up and sometimes vomit. The gas made me belch and made my mouth taste bad constantly. Food soured and fermented down in my stomach. My nerves were so unstrung I couldn't sleep nights, and yet, since I started taking Sulac, my stomach trouble has all disappeared. My liver is active, I sleep, eat and feel fine, and Sulac is a wonderful remedy."

I recommend Sulac, and the Green Drug Store is surely wise in advertising and recommending a preparation like this," continued Mr. Lucy, 111 Main Building, Worcester, Mass.

THE LARGEST COAL DUMPER

Grindstone, Fayette County, Mar. 11.—(United Press)—The largest coal car-dumper in the world is located here.

The turn of an air valve dumps 125 tons of coal. There are twin rotary dumpers for 35 cars each. Each large dumper weighs 150 tons, 35 empty coal cars weigh 60 tons, and the coal in them weighs 125 tons, making a total of 335 tons rotated at one time.

Coal cars are run into the dumper and clamped to the truck. The dumper rotates on cylindrical trucks and the cars are turned upside down.

EASY TRICKS

No. 149

Have A Drink

This trick is best performed when evening clothes are worn, but it can be performed with little less effect when an ordinary business suit is the order of the day.

"I am thirsty," says the magician, and reaches into the tail pocket of his coat and takes out a glass, full to the brim with water, and drinks it.

The trick is very easily done. Obtain a piece of rubber such as dentists use, a piece of an inner tube can sometimes be used but it is not so satisfactory.

with water, stretch the rubber over the top of the glass and secure it with ordinary rubber bands. You can put the glass of water in your pocket and the water will not escape, but it is just as well to put it in right side up and introduce the trick as soon as possible. When you reach into your pocket push the rubber off the glass with your thumb and take the glass out, leaving the rubber.

(Clip this out and paste it, with other of the series, in a scrapbook.)

BIRD MEN HAVE

BANNED MAHANOY

Mahoney City, March 11.—(United Press)—No more do United States mail planes disturb the sleep of residents of this section; it's too dangerous—for the flier.

Up until a short time ago mail planes passed over Mahoney City enroute from New York to Bellefonte but treacherous air pockets between Tamaqua and the Fofty mountains forced the airmen to take another route. The atmospheric condition found in this section is unique in the country, aviators said.

Experienced pilots said they would rather face a storm than fly above this section. Shortly before the route was changed one mail pilot crashed into the side of Lofty mountain while flying in a fog.
